

# Bending Solutions

Exceeding Industry Standards

CNC180 All-Electric

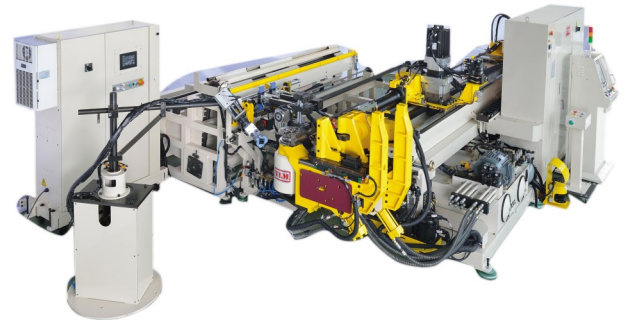

CNC150 All-Electric

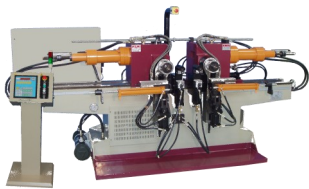

## CNC Mandrel Pipe Benders

- All-Electric & Hybrid Configurations
- ½" to 8" Tube Capacities
- Safety Packages Available

- Robot and CMM Compatible
- Automatic Loading with Seam Detection
- Automatic Unloading

## Double-head Benders

- Up to 2" Tube Capacity
- Adjustable angles 0° - 180°
- Bend two different angles simultaneously

## NC Mandrel Pipe Benders

- ½" to 8" Tube Capacities
- Touch Screen
- Storage of Bend Sequences

## Horizontal Bending Presses

- 55+ Years of Reliability
- Five Tonnage Options
- Manual or CNC Control
- Multiple Tool Options
- Multiple Machine Configurations

## Angle Roll Benders

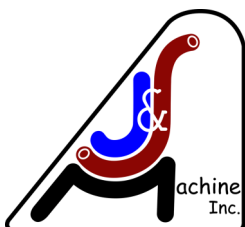

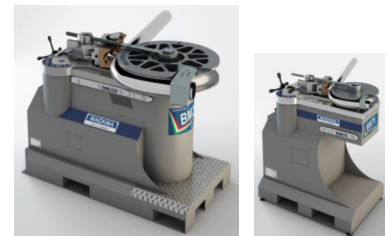

- Pyramid or Double-pinch Configurations
- Vertical or Horizontal Orientation
- Multiple Control Options
- Up to 6" Sch. 40 Capacity

GRUPPO MASSARO

## Non-Mandrel Pipe Benders

- All-Electric
- Right/Left Bending
- Up to ø12" Capacity
- Two Control Options
